DEAR LOTTERY BENEFICIARIES:

In our 23rd year in business, the South Carolina Education Lottery (SCEL) is understandably proud of the success we have attained for our beneficiaries. Our mission is to raise funds in a responsible manner to be appropriated by the General Assembly to improve education. These funds are used to support students of all ages. Since the launch of the Lottery in 2002, the Lottery has transferred more than \$8.8 BILLION to the Education Lottery Account (ELA). During the past two fiscal years, SCEL has transferred \$592 million and \$598.3 million, respectively.

Each lottery dollar transferred to the ELA is critical to enhancing educational opportunities; therefore, we strive to manage our costs responsibly. During Fiscal Year 2023-24, 25 percent of every dollar earned by SCEL supported educational programs.

For additional information about SCEL's operations, an overview of our history, games offered, and our ongoing commitment to education, I invite you to visit our website, www.sceducationlottery.com, or contact us at 803-737-4419.

Approximately 66 percent was paid as prizes to winning players. Retailers earned commissions and incentives of 7 percent. In comparison to other lotteries, SCEL has the lowest combined General & Administrative and advertising costs of any U.S. lottery in the nation with revenues under \$5 billion. Our organizational culture is one that's efficient, socially responsible and aware of our contributions to education and this state. Our story is truly "success by the numbers."

We appreciate your interest in and support of SCEL. When you play the games of the South Carolina Education Lottery, you are not just taking a chance, you are giving one!

Yours truly,

Dolly Garfield

OUR MISSION: TO PROVIDE, WITH INTEGRITY, ENTERTAINMENT OPTIONS TO ADULTS TO SUPPORT EDUCA- TION IN SOUTH CAROLINA!

On November 7, 2000, the state's voters approved a referendum by a vote of 54 percent in support of the implementation of a state-run lottery in South Carolina. On June 7, 2001, the South Carolina General Assembly ratified the South Carolina Education Lottery Act (Act 59 of 2001). The Governor signed the Act into law, and the South Carolina Education Lottery (SCEL) was established.

The legislation that created SCEL also established a board of nine members appointed to staggered three-year terms. The South Carolina Education Lottery Commission was created as an instrument of the State and a public commission, with powers comparable to those exercised by commissions engaged in entrepreneurial pursuits. Three commissioners are appointed by the Governor, three are appointed by the President Pro Tempore of the Senate, and three are appointed by the Speaker of the House of Representatives. The South Carolina Education Lottery Commissioners are:

- Sam Litchfield, Chairman
- Dr. Edward Keith, Vice Chairman
- Keith Munson, Treasurer/Secretary
- William "Billy" Newsome
- W. Patrick Earle
- Dr. Vareva Evans Harris
- Jay Young

Proceeds of lottery games must be used to support improvements and enhancements for educational purposes and programs as provided by the General Assembly. Appropriations from the Education Lottery Account must be used to supplement and not supplant existing funds used for education.

BENEFICIARY

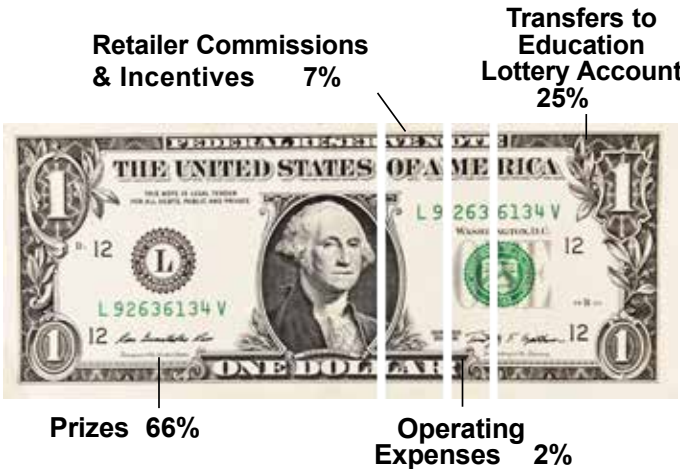

Since the inception of the Lottery, more than \$8.8 BILLION has been transferred to enhance education.

Since launch, the South Carolina Education Lottery (SCEL) continues to focus on its objective: to support new educational opportunities for the citizens of the Palmetto State by providing entertainment options to adults who play our games. SCEL's beneficiary message is to inform the public of how lottery proceeds enhance educational programs. We pride ourselves on the operation of a conservative lottery, both fiscally in earning revenues and socially as a result of the benefits South Carolinians receive from transfers to education. To ensure that lottery revenues are expended for new educational purposes, the General Assembly requires that the net proceeds, "... supplement and not supplant existing funds used for education." Code of Laws of South Carolina, 1976, Section 59-150-350(C)(2).

The General Assembly of South Carolina allocates and determines the distribution of net funds generated by SCEL. In the 23 years since the Lottery started on January 7, 2002, more than \$8.8 billion has been transferred to enhance the educational opportunities for South Carolinians. Lottery funds have been used to support a variety of educational programs, including:

- More than 2.7 million lottery-funded scholarships and grants awarded to South Carolina's students through academic year 2021-23
- \$180 million for the SmartState Program™ (formerly the Endowed Chairs Program) at the University of South Carolina, Clemson University, and the Medical University of South Carolina
- More than 1 million scholarships and grants have been awarded to technical college students
- More than \$1.1 billion directed to support South Carolina's public schools
- \$517 million directed towards primary education (grades K-5) enhancement programs in the subjects of reading, math, science and social studies

What is the breakdown of SCEL's gross proceeds?***

***Figures represent Fiscal Year 2023-24.

- \$201 million to purchase more than 2,600 school buses and provide maintenance and fuel
- More than \$25 million to South Carolina counties for local libraries
- \$3.6 million to programs that provide gambling addiction treatment

Scratch-off costs range from \$1 to \$20. Scratch the latex-covered area to reveal the play area. Follow the instructions, and look for a special feature or a bonus area that may be part of the ticket. Lottery retailers will validate winning tickets. Players have 90 days after the last day to sell an instant ticket to redeem a prize. The official end of game notice will be posted at retail locations as well as on sceducationlottery.com. New games are introduced each month, usually on the first Tuesday.

The Lottery offers several draw games and prizes must be claimed within 180 days after the draw date on the ticket.

Sign the Ticket Back

The South Carolina Education Lottery has a message for its winners.

Congratulations! We are thrilled for you, but always...

Sign the back of the winning ticket first. This simple step safeguards your prize in the event your ticket is lost or stolen.

Secure the ticket in a safe location. Be careful who you tell that you won and where you keep the ticket until you can cash it. Your safety and that of your family is very important to us.

Seek counsel from a trusted source. Requesting advice from a financial planner, CPA, or lawyer is a good idea for winners of significant prizes, especially jackpot prizes.

PLAY RESPONSIBLY

The games of the Lottery can be a lot of fun. As with any game, the games of the South Carolina Education Lottery are designed for just that... fun. SCEL encourages our players to play responsibly.

Nationally, the gambling industry recognizes March as “Play Responsibly” month, but the Education Lottery advocates responsible play every day. SCEL and the Department of Alcohol and Other Drug Abuse Services (DAODAS) have teamed up in support of increased public awareness of the availability and benefits of problem gambling treatment. This effort is designed to help educate the public about the warning signs of problem gambling and where to call to obtain treatment services. Conspicuous signage and printed literature available at all retail locations, along with television and radio public service announcements are all ways SCEL encourages responsible play.

In March 2004, SCEL provided marketing support when DAODAS launched a toll-free helpline in accordance with Section 59-150-230(l) of the South Carolina Education Lottery Act which requires lottery funds be directed toward the prevention and treatment of compulsive gambling disorder.

Managed by DAODAS, this helpline is available to assist individuals and families affected by problem and compulsive gambling. If you or someone you know has a gambling problem, treatment is not only available, but also effective in improving the lives of problem gamblers and their families. Call the South Carolina Gambling Helpline toll-free at 1-877-452-5155. Nationally, persons who believe they may have a gambling problem can seek help by calling a 24-hour confidential live hotline at 1-800-522-4700. When playing the games of the Lottery, remember to Have Fun. Play Smart. Play Responsibly.SM

Amber Alert

America’s Missing: Broadcast Emergency Response

The AMBER Alert emergency broadcast program is named for Amber Hagerman, 9, who was abducted and murdered. In the aftermath of her murder, the Arlington, TX, community requested that radio stations broadcast special "alerts" in the event of child abductions to assist law enforcement in disseminating information. The AMBER Alert Plan was developed in 1996 and is a voluntary partnership between law enforcement agencies and broadcasters. Today there are AMBER Alert plans in all 50 states.

On August 27, 2003, lottery terminals were programmed to distribute information about SC’s child abductions. Once an alert has been issued by the SC Law Enforcement Division, the information is sent to lottery terminals where the alert can be printed and posted at lottery retail locations. During the fall of 2009, Player Information Displays (PIDs) were installed across the retailer network. The screens display photos and other vital details concerning a missing child. Law enforcement statistics indicate the first three hours after a child is abducted are a critical window for a successful recovery. The lottery terminal is another communication tool to be used during those important first three hours.

Lottery Retailers

Since the first lottery ticket was sold, retailers across the state have demonstrated tremendous support for the Lottery.

Make no mistake, the South Carolina Education Lottery's network of approximately 3,900 licensed retailers is the reason transfers since startup have surpassed the \$8.8 BILLION mark.

Because lottery tickets can only be purchased in South Carolina, all lottery retailers are located within the state. While a majority of lottery tickets are sold at convenience stores, lottery tickets can also be purchased at some grocery stores, package stores and newsstands in the state. Tickets must be purchased with cash, and retailers will redeem winning tickets up to and including \$500 as required by contract.

For every ticket sold, a lottery retailer receives a 7 percent sales commission. Once claimed, lottery retailers also earn a 1 percent retailer commission for selling a ticket with winnings of \$10,000 or more. The retailer commission is capped at \$50,000.

To the right is a listing of the Top 100 South Carolina Education Lottery retailers based on sales for Fiscal Year 2023-24. Each earned a commission of more than \$70,000!
